## Announcing Walkabout Dog Shoes

(patent pending)

**Finally** they are ready. We designed them! We tested them!

We filed a patent on them— and now we are making them!!

### WHY **OUR** SHOES

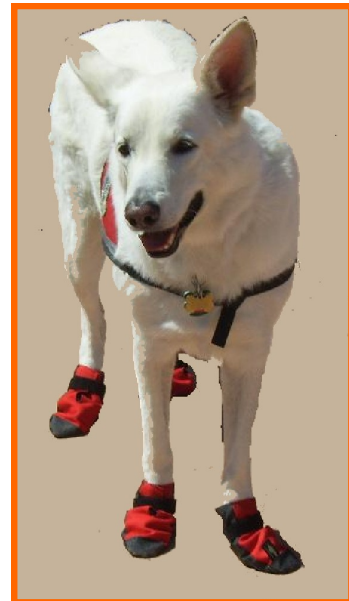

- \* Ours are different
- \* Ours are more comfortable
- \* Ours are easier to get on and off
- \* Ours are sturdy and longer lasting

### HOW ARE THEY DIFFERENT

- \* Ours has a slit in front for easy on and off
- \* Ours is taller at the ankle to cover the dew claw
- \* Uses double sided velcro strip

### WHY THEY **NEED** SHOES

- \* Protects against cold, snow, salt
- \* Protects against extreme heat – hot pavement and asphalt
- \* Protects against glass, nails, cigarettes, auto drippings and other street hazards
- \* Protects paws when infected
- \* Crowd protection
- \* Germ protection
